Fuel forward gassy terps with a hint of sweetness and funk.

Gassy, earthy, sweet; a flavor that can't be beat!

Super-stoney quick-hitting effects for both the head and body are typical, followed by a euphoric and relaxing experience with sharpened senses! This one seems to go with you where you take it- being a relief at just about any time of day or night.

Note: Poddy Mouth earned its unique name through R&D at Ridgeline Farms due to its dazzling trichome covered bracts, aka pods. Originally selected in the HSO 2020 Pheno Hunt, Poddy Mouth stood out from thousands of cultivars and quickly became a team favorite. Excellent bag appeal and a fantastic offering for bud bars. Woodball cut.
